New product

Application range

- Roto Line door handle set for Patio Inowa

Technical Details

- handle lever length 200 mm
- inside handle with fixed spindle
- inside and outside handle with Roto logo
- profile cylinder escutcheon for inside and outside
- lock-in position inside handle 0-180° suitable for Patio Inowa, outside handle without lock-in position

colours:

- R01.1 silver
- R07.2 traffic white
- R06.2M black

The door handle set is available as an „inside handle-set“ (article description „INN“) and as an „outside handle-set“ (article description „AUS“) to have the possibility to create individual colour combination for the door handle set.

For a complete door handle set, an inside handle set and an outside handles set have to be combined.
