Application range

The hinge safety set can optionally be used in combination with the 218 P, 318 P, 222 P and 322 P butt hinges.

In combination with the hinge safety set, the 22 mm diameter hinges 222 P and 322 P become RC 2-capable.

SKG** certification is in preparation.

The hinge safety set consists of the following parts:

- Fixing plate for sash: variants for 16/20mm and 24mm
- hinge safety pin
- Counter plate for frame
- Cover for frame milling

The hinge safety set is mounted on the following positions:

- Overlap screwed: in the middle of the sash hinge
- Rebate screwed: above the adapter

Milling dimensions and positions can be seen in the PDF attached.
