### Overview

**System**

Door

**Product**

Roto Solid B

Butt hinges for doors

**Availability / Ordering  
ability**

ab sofort

**Documentation**

CTL\_88

IMO\_578\_v1

### Description

Pre-assembled telescopic jigs for combined drilling of frame and sash.  
The telescopic jig concept is based on a modular principle. Only the required individual jigs (218 P, 318P, 222P and 322 P) need to be ordered.  
For further explanations, see IMO\_578\_v1.

### Telescopic jig for overlap screwed hinges

Telescopic jig for overlap screwed hinges consisting of:  
1 telescopic rod incl. stop and holder for individual drilling jigs  
1 set of spacer plates (12x 2mm, 6x 1mm, 3x 0.5mm) for different overlap heights

#### Overlap screwed DIN right:

- Standard single jig (3 pcs.)
- 2028942 SOLID B TELESKOPLEHRE OS R VE1 (1 Stk.)

#### Overlap screwed DIN left:

- Standard single jig (3 pcs.)
- 2028941 SOLID B TELESKOPLEHRE OS L VE1 (1 Stk.)

## Telescopic jig for rebate screwed hinges

Telescopic jig for rebate screwed hinges consisting of:

1 telescopic rod incl. stop and pre-assembled rebate-screwed sash jigs  
3 adapters for frame drill holes

### Rebate screwed DIN right:

- Standard single jig (3 pcs.)
- 2028940 SOLID B TELESKOPLEHRE RS R VE1 (1 Stk.)

### Rebate screwed DIN Left:

- Standard single jig (3 pcs.)
- 2028939 SOLID B TELESKOPLEHRE RS L VE1 (1 Stk.)

The jigs, regardless of the type of mounting, must be screwed to the profile before drilling so that they do not slip and remain in position.
