Description

The supplier has changed the countersinking of the mounting holes, therefore the articles listed below will be removed from the program. This change has something to do with the fact that it is relevant for NYH certification; for us, however, nothing changes in terms of handling. Replacement can be used 1:1 (better: the size 8 now also has the NYH stamp)

Phase-out date: with immediate effect or until remaining stocks are used up

Spare parts: are not intended

Return deliveries are not possible.
