Window

Product

Roto NX

The Tilt&Turn hardware system for windows and balcony doors shaping the industry once again

Availability / Ordering ability

Available from week 36/2024.

Description

Area of application:

End component for closing window sashes with a 16 mm hardware groove.

The centre lock 600 can be connected to a corner drive or an centre lock that can be coupled on both sides.

Description:

By eliminating the offset, there is no need to shorten the center lock for certain sash rebate dimensions, for exaple with RC 1 hinge side T or RC 2 hinge side Designo.
