Product Information

## Roto Safe - Strikers for Eifel TB threshold

### Overview

#### System

Door

#### Product

Roto Safe

The modular multipoint locking system for doors

**Availability / Ordering ability**  
as of now

### Description

The new strikers offer a cost-effective and practical solution for shootbolt on Eifel thresholds.

### Product benefits at a glance:

- **Cost-effective alternative** to existing cover bridges
- **Without cup** - therefore less milling work
- **Compatible** with Eifel TB and profile axles 13 and 15mm
- **Reduction** of the play between shootbolt and adjustment part - no door rattling
