Door

Product

Roto Eifel

The varied range of thresholds for doors and balcony doors

Availability / Ordering ability

Description

Optimized replacements have been set up for the strikers below.

- **Product benefits at a glance:**

- Without cup** - therefore less milling work

- Compatible with Eifel TB** and profile axles 13 and 15mm

- Reduction of play** between bar exclusion and adjustment part - no door rattling

For more information, please refer to the PEP PI: [RPI 26 0003](#)
